CEMETERY DATA OF NUECES COUNTY, TEXAS

NEW BAYVIEW CEMETERY Corpus Christi, Texas

The New Bayview Cemetery is located at the corner of Kennedy and Johns Streets in the Hillcrest section of Corpus Christi, Texas. The Knights of Pythias Cemetery, adjoins this tract on the northwest corner. The County Cemetery, which was formerly part of New Bayview, is at the corner of Kennedy and Nueces Streets.

Early maps on file in the Nueces County Courthouse indicate three cemeteries are located here; the New Bayview, the Nueces County, and the Knights of Pythias (Map Record Book A, Page 29). In 1897 H.E. and Hattie Luter conveyed fourteen acres of land between Crossley School and the Bluff north of West Broadway between Kennedy and Peabody Streets to the Bayview Cemetery Association, (Deed Book 3, Pages 525-527). In 1898 the Association sold one acre out of the northwest corner of the original fourteen-acre tract to the Miramar Lodge 135 of the Knights of Pythias as a lodge cemetery (Deed Book 4, Pages 87-89). In 1898 the Association sold to W.B. Hopkins, County Judge of Nueces County, and his successors in office, two acres out of the original fourteen-acre tract (Deed Book 4, Pages 70-71), which, we presume, is on the end nearest Crossley School.

The New Bayview Cemetery was to be the showcase for the Bayview Cemetery Association. Units were sold as family plots with concrete borders around them. Some of the borders are still visible, but many of the tombstones are missing. Many tombstones and bodies were transferred to Rose Hill Cemetery between 1914 and 1929. The Bayview Association recorded burials from 1899 through 1913 in the New Bayview Cemetery Record Book.

The New Bayview and County Cemeteries are now divided by Williams Park. Only a few tombstones remain in the county section. Apparently, no records were kept by the Bayview Cemetery Association for the County Cemetery.

Most of the Knights of Pythias Cemetery is covered by a housing development. Only a fifty by sixty feet section is left and only five tombstones remain there.

A small "Black Notebook" owned by Maxwell P. Dunn was recently made available. It contains information that shows New Bayview had both a Hispanics and Colored section.

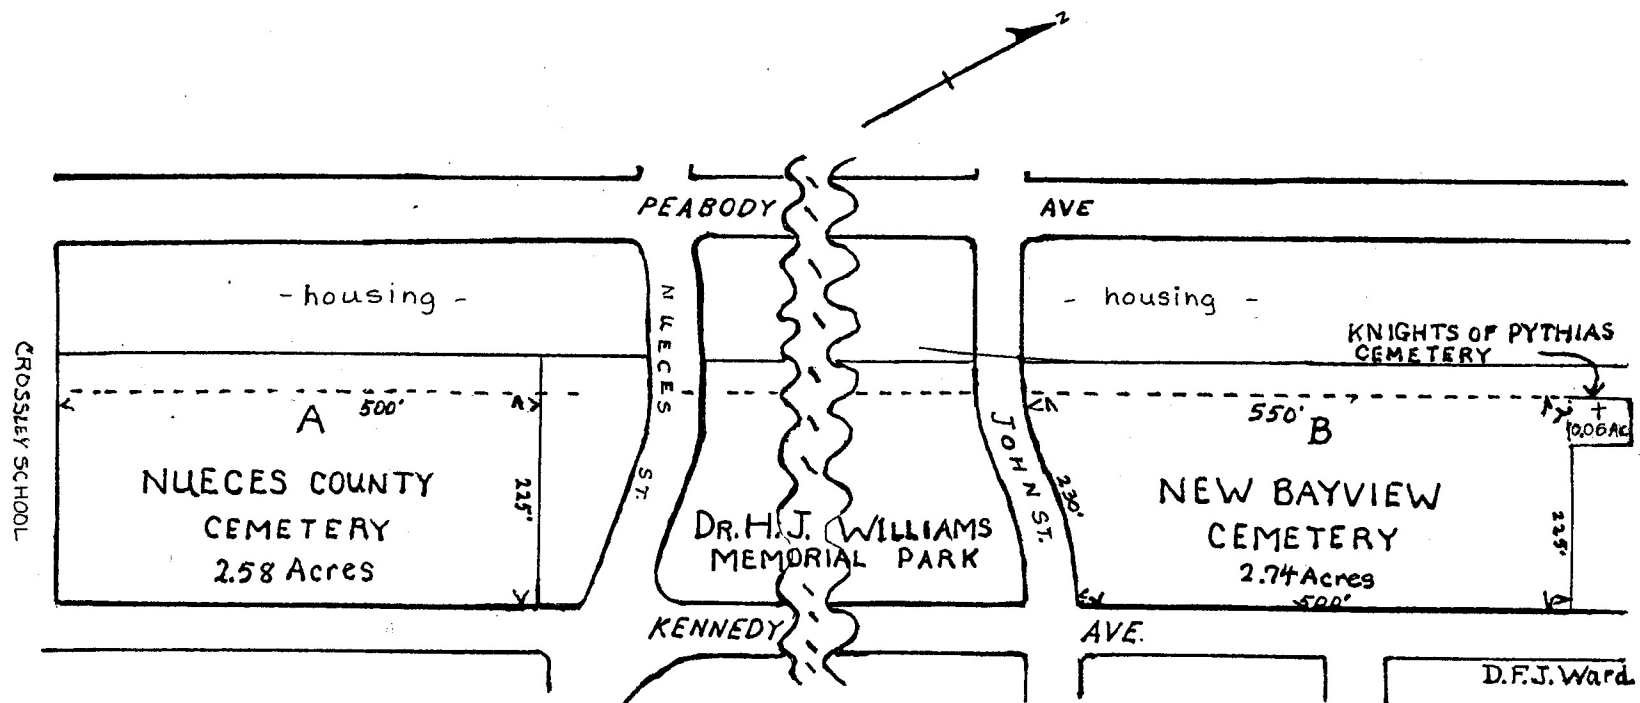

We were able to determine the names of approximately 760 people who were buried in this cemetery. The earliest birth date found on a tombstone was 1813, and the earliest death date was 1886; however, this person was transferred from Oso Cemetery in 1909. The earliest burial recorded by the Bayview Cemetery Association was in 1899.

The cemetery is not active and is maintained by the Parks and Recreation Department of Corpus Christi, Texas.

For the purposes of this book, we designated the New Bayview Cemetery as Section B, the Nueces County Cemetery as Section A, and the Knights of Pythias Cemetery as Section C.

NEW BAYVIEW CEMETERY
